

Special Issue

Young and Emerging European Researchers in Catalysis

Message from the Guest Editors

This Special Issue is intended to provide an overview of the research activities carried out in Europe by young and emerging scientists working in catalysis. Contributions from all subfields are encouraged, including both experimental and computational works, with the aim to show a multidisciplinary collection of the recent achievements of future leaders in catalysis.

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, CAB Abstracts, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Physical) / CiteScore - Q1 (General Environmental Science)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.6 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
