

Special Issue

Cell Biology: State-of-the-Art and Perspectives in China

Message from the Guest Editors

Dear Colleague, This Special Issue aims to provide a comprehensive overview of the state-of-the-art of cell biology in China. We invite manuscripts that cover every aspect of cell biology. The Special Issue will publish full research articles and comprehensive reviews. Potential topics include but are not limited to the following research areas:

- Cellular physiology
- Cell death regulation
- Epigenetic regulation of cell function
- OMICS
- Cell biology techniques

Guest Editors

Prof. Dr. Di Chen

Department of Pharmacology, Faculty of Pharmaceutical Sciences,
Research Center for Computer-aided Drug Discovery, Shenzhen
Institute of Advanced Technology, Chinese Academy of Sciences,
Shenzhen 518055, China

Dr. Tong-Chuan He

Department of Orthopedic Surgery and Rehabilitation Medicine, The
University of Chicago Medical Center, Chicago, IL, USA

Deadline for manuscript submissions

closed (31 May 2024)

About the Journal

Message from the Editorial Board

Cells has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

Editors-in-Chief

Dr. Alexander E. Kalyuzhny

Dental Basic Sciences, University of Minnesota, 308 Harvard St. SE,
Minneapolis, MN 55455, USA

Prof. Dr. Cord Brakebusch

Biotech Research & Innovation Centre, The University of Copenhagen,
Copenhagen, Denmark

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Cell Biology) / CiteScore - Q1 (General Biochemistry, Genetics and Molecular Biology)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
