

## Special Issue

# Innate Immune System in Immune-Mediated Inflammatory Diseases (IMIDs)

### Message from the Guest Editors

This Special Issue will include basic and translational original articles focused on aspects of innate immune responses related to IMIDs. Potential topics include autoimmune diseases, chronic inflammatory diseases, infectious diseases, immunodeficiencies, immunoproliferative disorders, or cancer.

#### - **Keywords**

rheumatoid arthritis  
inflammatory bowel disease  
psoriasis  
psoriatic arthritis  
vasculitis  
Sjögren syndrome  
ankylosing spondylitis  
Behcet's disease  
asthma  
systemic lupus erythematosus  
systemic sclerosis

---

### Guest Editors

Dr. Javier Conde Aranda

Molecular and Cellular Gastroenterology, Health Research Institute of Santiago de Compostela (IDIS), Santiago de Compostela, Spain

Dr. Samuel García Pérez

Rheumatology & Immune-Mediated Diseases (IRIDIS) group, Galicia Sur Health Research Institute (IIS Galicia Sur), Vigo, Spain

---

### Deadline for manuscript submissions

closed (31 December 2021)

## About the Journal

### Message from the Editorial Board

*Cells* has become a solid international scientific journal that is now indexed on SCIE and in other databases. We have successfully introduced a special issues format so that these issues serve as mini-forums in specific areas of cell science. *Cells* encourages researchers to suggest new special issues, serve as special issues editors, and volunteer to be reviewers. Our main focus will remain on cell anatomy and physiology, the structure and function of organelles, cell adhesion and motility, and the regulation of intracellular signaling, growth, differentiation, and aging. We are open to both original research papers and reviews.

---

### Editors-in-Chief

Dr. Alexander E. Kalyuzhny

Dental Basic Sciences, University of Minnesota, 308 Harvard St. SE,  
Minneapolis, MN 55455, USA

Prof. Dr. Cord Brakebusch

Biotech Research & Innovation Centre, The University of Copenhagen,  
Copenhagen, Denmark

---

### Author Benefits

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Cell Biology) / CiteScore - Q1 (General Biochemistry, Genetics and Molecular Biology)

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 15.5 days after submission; acceptance to publication is undertaken in 2.8 days (median values for papers published in this journal in the second half of 2025).
