

## Special Issue

# Innovative Research on Calcium Phosphates Based Ceramics

### Message from the Guest Editor

I am pleased to invite you to submit manuscripts to a Special Issue dedicated to one of the current hot topics in material science worldwide: "Innovative Research on Calcium Phosphates Based Ceramics". Suitable topics for original research articles, critical reviews and short communications include, but are not limited to: fine powder synthesis; powder systems for preceramic items molding; different methods of preceramic items molding, including additive manufacturing; special features of different sintering approaches; phase composition and microstructure of ceramics; properties of calcium phosphate ceramics, including important for implementation in medicine; materials in the different (also multi-component) oxide systems including CaO and P2O5.

### Guest Editor

Dr. Tatiana Safronova

Department of Chemistry, Lomonosov Moscow State University,  
Building, 3, Leninskie Gory, 1, 119991 Moscow, Russia

### Deadline for manuscript submissions

closed (25 September 2023)

## About the Journal

### Message from the Editor-in-Chief

*Ceramics* (ISSN 2571-6131), an international, open access journal, provides an advanced forum for ceramics science and engineering. Research articles, reviews and other contents are released on the internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published. We are committed to drive *Ceramics* to a position in which it is recognized for its high-quality, cutting-edge research and scientific influence, and strongly encourage and invite your participation and manuscripts. Your contribution should lead to the development of technical ceramics with better performances and to improve our quality of life.

---

### Editor-in-Chief

Prof. Dr. Gilbert Fantozzi

INSA-Lyon, MATEIS Laboratory UMR CNRS 5510, 69621 Villeurbanne, France

### Author Benefits

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), and other databases.

#### Journal Rank:

JCR - Q2 (Materials Science, Ceramics) / CiteScore - Q2 (Materials Science (miscellaneous))

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.6 days after submission; acceptance to publication is undertaken in 3.7 days (median values for papers published in this journal in the first half of 2025).
