

chemosensors

Dear colleagues,

To celebrate and highlight the achievements of women in the research area of chemosensors, *Chemosensors* is pleased to announce that the “*Chemosensors* 2022 Best Paper Award for Women Topical Collection” will be launched and granted to one paper published in the Topical Collection “Women’s Special Issue in Chemosensors and Analytical Chemistry”. The paper will be selected after thorough evaluation by the Journal Award Committee.

Eligibility for the award:

- Open to all career levels;
- Submissions of women-led and all-women authorship articles are particularly encouraged;
- Articles from all authors, regardless of gender, as long as they include at least one woman, are invited;
- Only submissions to the Topical Collection “Women Special Issue in Chemosensors and Analytical Chemistry” will be considered.

Selection Criteria:

The papers will be selected by the journal Award Committee according to the following criteria (data source: Web of Science (Clarivate Analytics)):

- Scientific merit and broad impact;
- Originality of the research objectives and/or the ideas presented;
- Creativity of the study design or uniqueness of the approaches and concepts;
- Clarity of presentation;
- Citation and download rates by 30 June 2023.

Prizes:

- 200 Swiss Francs;
- A certificate;
- An opportunity for the winner to publish a paper free of charge in *Chemosensors* in 2023.

The winner will be announced on the journal website in July 2023.

If you want to know more details about the Topical Collection and submit your paper, please see this link: https://www.mdpi.com/journal/chemosensors/special_issues/women_chemosensors.
