

Special Issue

Feature Review Papers in Chemical/Bio-Sensors and Analytical Chemistry in 2024

Message from the Guest Editors

The Special Issue aims to curate a collection of in-depth review papers encompassing comprehensive insights, analysis, and advancements in the field of chemical sensors, biosensors, and related analytical methods and systems. By selectively featuring review and systematic review manuscripts, this series aims to provide a rigorous and consolidated understanding of recent developments, offering valuable insights for researchers and practitioners in this field. We sincerely welcome you all to contribute comprehensive review articles on a trending topic for peer review and possible publication.

About the Journal

Message from the Editorial Board

Chemosensors continues to grow as a forum for all manners of sensing that encompass chemistry. *Chemosensors* is published in open access format – all articles and content are released on the internet immediately following acceptance, thus allowing unlimited access to the content as soon as it is published. We would be happy to have you join our growing list of authors.

Author Benefits

High Visibility:

indexed within Scopus, SCIE (Web of Science), CAPus /
SciFinder, Inspec, Engineering Village and other
databases.

Journal Rank:

JCR - Q2 (Instruments and Instrumentation) / CiteScore -
Q1 (Physical and Theoretical Chemistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is
provided to authors approximately 20.5 days after
submission; acceptance to publication is undertaken in 2.8
days (median values for papers published in this journal in
the first half of 2025).
