Message from the Guest Editor

We are celebrating the **10th anniversary** of *Children* with a Special Issue in the Section “**Global and Public Health**” in 2023.

On behalf of the Editor-in-Chief, Prof. Dr. Paul R. Carney, members of the Editorial Office, and ourselves as Guest Editors, we would like to take this opportunity to thank our authors and reviewers for their valuable contributions in ensuring that *Children* is a successful and respected journal in its field. To celebrate the journal’s 10th anniversary, we will be serving as Guest Editors of a Special Issue focused on the clinical care, service delivery, and research related to the care of children within the context of global health.

Public and global health issues may focus broadly on population-based health issues that impact children and can include epidemiology, prevention, mitigation, and treatment of disease. We warmly invite original research and state-of-the-art review/perspective contributions to pediatric global health.
