# Pediatric Inflammatory Bowel Disease: Update on Treatment and Therapeutic Endpoints

# Message from the Guest Editors

The field of inflammatory bowel disease (IBD) has moved at a rapid pace over the last few years. Areas of advancement have included new knowledge of the factors associated with the genetic predisposition, environmental triggers, and immune system dysregulation associated with IBD, along with advancement of the medical armaments for the treatment of IBD. In addition, the evidence-based development of treatment goals in the clinical care of patients has been established and includes clinical, biochemical, endoscopic and radiologic endpoints. This Special Issue of *Children* will focus on pediatric IBD, providing updates on newer therapeutic agents available for achieving treatment goals and up-to-date information on monitoring strategies in clinical care, including endoscopic scoring and the use of intestinal ultrasound.

# **About the Journal**

## Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

### Editor-in-Chief

Prof. Dr. Paul R. Carney

Departments of Child Health and Neurology, University of Missouri, 400 Keene Street, Columbia, MO 65211, USA

## **Author Benefits**

### **Open Access**

 free for readers, with article processing charges (APC) paid by authors or their institutions.

## **High Visibility:**

indexed within Scopus, SCIE (Web of Science), PubMed, PMC. Embase, and other databases.

### **Journal Rank:**

JCR - Q2 (Pediatrics) / CiteScore - Q2 (Pediatrics, Perinatology and Child Health)
