

## Special Issue

# Clinical Diagnosis, Comorbidities, and Intervention Strategies for Children with Language Disorders

### Message from the Guest Editor

This Special Issue aspires to bring together recent research and clinical perspectives related to speech and language development and disorders in children, with a focus on diagnosis, intervention and comorbidities. In this Issue, authors will have the opportunity to share their research and clinical work including innovative assessment tools, intervention frameworks, and comorbidity issues that address the whole child.

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

---

### Editor-in-Chief

Prof. Dr. Paul R. Carney

Departments of Child Health and Neurology, University of Missouri, 400 Keene Street, Columbia, MO 65211, USA
