

Special Issue

Current Research on Cleft Lip in Children

Message from the Guest Editors

This Special Issue will include papers about all aspects of oral clefts in children in order to expand the evaluation and management of experimental and theoretical results about quality of life, growth and development, speech disorders, epidemiological, genetic and environmental factors linked with oral clefts, and to increase the understanding of fundamental principles and biological questions of oral clefts.

Guest Editors

Prof. Dr. Thais Marchini Oliveira

Dr. Eloá Cristina Passucci Ambrósio

Dr. Paula Karine Jorge

Prof. Dr. Maria Aparecida Andrade Moreira Machado

Dr. Cleide Felício Carvalho Carrara

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Paul R. Carney

Departments of Child Health and Neurology, University of Missouri, 400 Keene Street, Columbia, MO 65211, USA
