

Special Issue

Developmental and Behavioral Pediatrics - Volume II

Message from the Guest Editor

The field of developmental and behavioral pediatrics constitutes a relatively new pediatric subspecialty and focuses on the understanding of functional changes in all domains of child and adolescent development, including language, movement, cognitive function, and social-emotional development. The field also focuses on the assessment of children with, or at risk of, neurodevelopmental and behavioral difficulties. Considering the success and popularity of the Special Issue “Developmental and Behavioral Pediatrics” previously published in the journal *Children* (https://www.mdpi.com/journal/children/special_issues/Developmental_Behavioral_Pediatrics), we are now releasing a Second Issue aiming to gather original research papers and review articles focused on developmental and behavioral pediatrics. In this Special Issue of *Children*, senior investigators are welcome to invite mentees and colleagues to co-author submissions under their supervision. We look forward to receiving your contributions.

Guest Editor

Dr. Panagiota Pervanidou

Developmental and Behavioral Pediatrics, First Department of Pediatrics, National and Kapodistrian University of Athens, School of Medicine, “Aghia Sophia” Children’s Hospital, 11527 Athens, Greece

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Paul R. Carney

Departments of Child Health and Neurology, University of Missouri, 400 Keene Street, Columbia, MO 65211, USA
