

Special Issue

Cutting Edge Research on Pediatric Gastroenterology

Message from the Guest Editor

It is my pleasure to present this Special Issue of *Children* on “Cutting-Edge Research on Pediatric Gastroenterology”. As the editor of this issue, I look forward to collaborating with experts on a variety of topics important to the pediatric community. The field of pediatric gastroenterology has undergone an incredibly fast development in the past 20 years. Basic and clinical science have taken gigantic steps forward. New drugs, treatments, and diagnostic tools have entered our clinical practice, and we have gained a new perspective on many diseases. I hope the papers in this edition will help to highlight the cutting-edge work in this field and am pleased to invite you to contribute to this Special Edition of *Children*.

Guest Editor

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Paul R. Carney

Departments of Child Health and Neurology, University of Missouri, 400
Keene Street, Columbia, MO 65211, USA
