Childhood Obesity— Perioperative Controversies and Considerations

Message from the Guest Editors

The Children journal has afforded me and , the great opportunity to be guest editors of a Special Issue dedicated to the topics of childhood obesity and perioperative controversies, including drug dosing and updates in pediatric/adolescent bariatric surgery.

Please join me in making this Special Issue innovative and scientifically relevant by contributing your manuscript.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.
