

Special Issue

The Health Equity Research Agenda in Pediatrics

Message from the Guest Editor

It is my pleasure to present this Special Issue of *Children* focused on health equity in gastroenterology. As the editor of this issue, I look forward to collaborating with experts on a variety of topics important to the pediatric gastroenterology community. The COVID-19 pandemic has exacerbated health disparities in our specialty. Viewing the care delivery system through an equity lens is increasingly critical. I hope the papers in this edition will help to highlight the cutting-edge work in this field. I very much hope you will contribute to this Special Edition of *Children*.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.
