

## Special Issue

# Research Progress of the Pediatric Cardiology: 2nd Edition

### Message from the Guest Editor

Considering the success and popularity of the Special Issue "Research Progress of the Pediatric Cardiology" previously published in the journal *Children* ([https://www.mdpi.com/journal/children/special\\_issues/Research\\_Progress\\_Pediatric\\_Cardiology](https://www.mdpi.com/journal/children/special_issues/Research_Progress_Pediatric_Cardiology)), we now release a second issue aiming to gather original research papers and review articles focused on pediatric cardiology. The world of cardiology has undergone a heavy and favorable revolution in recent years. Heart disease that previously seemed incurable can now be addressed with far better diagnostic and therapeutic ability than in the recent past. The aim of this Special Issue is to produce a rich collection of research, articles, and opinions for clinicians, academics, and policy makers in the field of pediatric cardiology. Contributions related to all aspects of this topic and, in particular, the understanding, management, and improvement of cardiovascular diseases in children, are welcome.

### Guest Editor

Dr. Massimo Mapelli

1. Cardiology Center Monzino, Scientific Institute for Research, Hospitalization and Healthcare (IRCCS), 20138 Milano, Italy
2. Department of Clinical Sciences and Community Health, Cardiovascular Section, University of Milan, 20122 Milan, Italy

### Deadline for manuscript submissions

closed (1 April 2024)

## About the Journal

### Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.
