

Special Issue

Pediatric Surgical Oncology

Message from the Guest Editor

This Special Issue of the journal, *Children*, will highlight the biology of different embryonal tumors and how these factors stratify risk and treatment algorithms. Innovative surgical approaches for unique oncologic problems encountered will also be emphasized. Dr. Harold N. Lovvorn III

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article or comprehensive review for consideration and publication in *Children* (ISSN 2227-9067). *Children* is an open access journal—research articles, reviews, and other content are published online immediately after acceptance. The scientific community and the general public have unlimited free access to the content as soon as it is published. The journal focuses on sharing clinical, epidemiological, and translational science relevant to children's health. We would be pleased to welcome you as one of our authors.
