## Review Feature Papers for Climate

### Message from the Guest Editors

As Editorial Board Members of *Climate*, we are glad to announce the Special Issue titled "Review Feature Papers for Climate". This Special Issue is designed to publish high-quality review papers in *Climate*. We welcome submissions from Editorial Board Members and from outstanding scholars invited by the Editorial Board and the Editorial Office. The scope of this Special Issue includes, but is not limited to, the following topics:

- climate research at various spatial and temporal scales
- interdisciplinary climate research
- climate mitigation
- adaptation

You are welcome to send short proposals for submissions of review feature papers to our Editorial Office ([climate@mdpi.com](mailto:climate@mdpi.com)). They will first be evaluated by academic editors, and then, selected papers will be thoroughly and rigorously peer reviewed.

## About the Journal

### Message from the Editor-in-Chief

*Climate* (ISSN 2225-1154) was established in 2013 to provide an open-access outlet for innovative research, review articles, new direction papers, and short communications relevant to all disciplines related to climate at all scales. The journal encourages papers ranging from climate change detection and attribution and Earth system modeling to ecosystem, hydrologic, and socioeconomic impacts and climate mitigation and adaptation measures. The influence of *Climate* is strong and growing (IF 3.2 in 2024, CiteScore 5.7 in 2024).
