

Special Issue

10th Anniversary of Coatings: Invited Papers for Thin Films Section

Message from the Guest Editor

Coatings is going to reach an important milestone by publishing its 11th volume and, in celebration of this special occasion, we have taken the initiative to launch a Special Issue called "10th Anniversary of *Coatings*: Invited Papers for **Thin Films** Section". Among all sections, the "Thin Films" section of *Coatings* is doing particularly well, with more than 170 articles and 60 Special Issues published since its inception in November 2019. On this occasion, we would like to thank our Editorial Board Members, Managing Editors, Reviewers, and Authors for their contributions and continuous support. Help us celebrate our 10th anniversary by submitting your research article to the Anniversary Edition! We invite you to contribute a **review** article or an **original research** paper for possible publication in "10th Anniversary of *Coatings*: Invited Papers for **Thin Films** Section".

Guest Editor

Dr. Torsten Brezesinski

About the Journal

Message from the Editorial Board

Now more than ever, research is asked to deliver knowledge and technologies to solve the major challenges faced by our society. The development of new materials and devices for (without the ambition to be exhaustive) energy, health and food technology, together with the need for establishing processes that reduce the impact on critical resources and the environment, is indeed in the spotlight of most contemporary research. Surface science and engineering play a key role in this regard, with an incredible potential in delivering new and deep scientific understanding and technical solutions essential to solve most of the major societal challenges.

Coatings is a well-established, peerreviewed, online journal dedicated to the vibrant field of surface science and engineering. Coatings publishes original research articles that report cutting-edge results and review papers that make the point on the hottest research topics.

Editors-in-Chief

Prof. Dr. Wei Pan

State Key Laboratory of New Ceramics and Fine Processing, School of Materials Science & Engineering, Tsinghua University, Beijing 100084, China

Dr. Emerson Coy

NanoBioMedical Centre, Adam Mickiewicz University in Poznań, ul. Wszechnicy Piastowskiej 3, 61-614 Poznań, Poland
