

Selected Papers from XVI Polish–Ukrainian Symposium on Theoretical and Experimental Studies of Interfacial Phenomena and their Technological Applications

Guest Editors:

Dr. Eugene V. Aksenenko

A.V. Dumanski Institute of Colloid Chemistry and Chemistry of Water, National Academy of Sciences of Ukraine, Kyiv (Kiev), Ukraine

Prof. Dr. Aleksandra Szcześ

Department of Physical Chemistry-Interfacial Phenomena, Faculty of Chemistry, Maria Curie-Skłodowska University, M.C.-Skłodowska Sq. 3/114, 20-031 Lublin, Poland

Dr. Barbara Charmas

Faculty of Chemistry, Maria Curie-Skłodowska University, Lublin, Poland

Deadline for manuscript submissions:

closed (30 December 2018)

Message from the Guest Editors

Dear Colleagues,

Successive Polish–Ukrainian Symposia are of great tradition and fame as an important scientific event, being the result of extensive and many years' worth of collaboration between scientists from various research centers in Ukraine and Poland. The main aims of these symposia are the development of closer ties between Polish and Ukrainian research groups working in the field of theoretical and experimental studies of surface phenomena and their applications in practice.

The main topics of the symposia are: Sorption from gaseous and liquid phases, gas chromatography, ion exchange, heterogeneous catalysis, application of quantum mechanical methods for the study of the surface chemistry of dispersed materials, preparation of new adsorbents, ion exchangers and catalysts, and their application in various techniques, medicine and research practice.

The information of the event is posted on the Symposium web-site:

Message from the Editor-in-Chief

We would like to introduce you to an emerging and rapidly-developing international open-access journal, *Colloids and Interfaces*, covering all aspects of colloid and interface science. This journal aims to efficiently publish peer-reviewed articles over the internet free of charge to the worldwide community. Original as well as review papers are encouraged. We will also publish Special Issues as proceedings of scientific conferences and workshops as well as those dedicated to particular contemporary themes. On behalf of our distinguished editorial board, we welcome your contributions.

Author Benefits

Open Access:— free for readers, no limits on space and color.

High Visibility: indexed within [Scopus](#), [ESCI \(Web of Science\)](#), [CAPus / SciFinder](#), [Inspec](#), and [other databases](#).

Rapid Publication: manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.9 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).
