

Special Issue

Bubble and Drop 2025 (B&D 2025)

Message from the Guest Editors

The 10th Bubble and Drop Conference (<https://bd2025.vscht.cz>) is an interdisciplinary meeting point and platform for expert discussion of the advances on the investigation of interfaces of bubbles, drops, foams, and emulsions, and their consequences in multiple multiphase applications, bridging fundamentals of interfacial physics and industrial applications. The conference will cover the following six main topics: T1: B&D—from single bodies to multiphase flows; T2: Wetting, spreading and evaporation; T3: Adsorption, interfacial dynamics and rheology; T4: Foams, emulsions and liquid films; T5: B&D in industrial applications; T6: Special section “Drops in Artificial Life”. In addition to an excellent scientific programme, you will discover the charm of Prague, a city known as the Baroque heart of Europe. Join us for a conference that promises an expert session in a city that effortlessly blends old and new. Participants of the 10th Bubble and Drop Conference are cordially invited to contribute original research papers or review papers to this Special Issue of *Colloids and Interfaces*.

Guest Editors

Prof. Dr. Elena Mileva

Prof. Dr. Tatiana Gambaryan-Roisman

Dr. Pavlína Basařová

Dr. Sandra Orvalho

About the Journal

Message from the Editor-in-Chief

We would like to introduce you to an emerging and rapidly-developing international open-access journal, *Colloids and Interfaces*, covering all aspects of colloid and interface science. This journal aims to efficiently publish peer-reviewed articles over the internet free of charge to the worldwide community. Original as well as review papers are encouraged. We will also publish Special Issues as proceedings of scientific conferences and workshops as well as those dedicated to particular contemporary themes. On behalf of our distinguished editorial board, we welcome your contributions.

Editor-in-Chief

Dr. Reinhard Miller

Institute for Condensed Matter Physics, Technical University
Darmstadt, D-64289 Darmstadt, Germany

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), CAPlus / SciFinder, Inspec, and other databases.

Journal Rank:

JCR - Q2 (Chemistry, Physical) / CiteScore - Q2 (Chemistry (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 19.5 days after submission; acceptance to publication is undertaken in 3.7 days (median values for papers published in this journal in the second half of 2025).
