

Special Issue

Feature Reviews in Colloids, Nanomaterials, and Interfaces

Message from the Guest Editors

In this Special Issue, various aspects of colloid and interface science as well as nanomaterials are considered. A significant part of this Issue is focused on topics related to research performed in the framework of Marie Skłodowska-Curie Innovative Training Networks, which are one of the most important sources of scientific funding in the European community and partner countries. The NanoPaint project was funded in the beginning of 2021 for four consecutive years and includes 14 partners from all over EU, as well as from the UK and Israel. The project organiser is Professor Tatiana Gambaryan-Roisman, Darmstadt University, Germany. Both Co-Editors of the Special Issue (Alexander Kamyshny, Israel, and Victor Starov, UK) are participants of the nanoPaint project.

Guest Editors

Dr. Alexander Kamyshny

Casali Center for Applied Chemistry, Institute of Chemistry, Faculty of Mathematics and Sciences, The Hebrew University of Jerusalem, Jerusalem, Israel

Prof. Dr. Victor Starov

Chemical Engineering Department, Loughborough University, Loughborough, UK

About the Journal

Message from the Editor-in-Chief

We would like to introduce you to an emerging and rapidly-developing international open-access journal, *Colloids and Interfaces*, covering all aspects of colloid and interface science. This journal aims to efficiently publish peer-reviewed articles over the internet free of charge to the worldwide community. Original as well as review papers are encouraged. We will also publish Special Issues as proceedings of scientific conferences and workshops as well as those dedicated to particular contemporary themes. On behalf of our distinguished editorial board, we welcome your contributions.

Editor-in-Chief

Dr. Reinhard Miller
Institute for Condensed Matter Physics, Technical University
Darmstadt, D-64289 Darmstadt, Germany

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), CAPus / SciFinder, Inspec, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 18.9 days after submission; acceptance to publication is undertaken in 1.9 days (median values for papers published in this journal in the first half of 2025).

Recognition of Reviewers:

reviewers who provide timely, thorough peer-review reports receive vouchers entitling them to a discount on the APC of their next publication in any MDPI journal, in appreciation of the work done.
