Special Issue

Feature Papers in *Compounds* (2025)

Message from the Guest Editor

As the Editor-in-Chief of *Compounds*, I am delighted to announce this new Special Issue on "Feature Papers in *Compounds* (2025)". *Compounds* is an international, open-access, peer-reviewed journal dedicated to researching compounds. This Special Issue will comprise high-quality papers selected by Editorial Board Members and will showcase the research of authors invited by the Editorial Office and the Editor-in-Chief. Both original research articles and comprehensive review papers are welcome. The papers in this Special Issue will be published via our open-access platform after a thorough peer review, a process which will benefit both our authors and readers. Keywords

- organic/inorganic compounds
- inorganic chemistry/organic chemistry
- coordination chemistry
- organometallic chemistry
- solid-state chemistry
- materials
- catalysis
- simulation and modeling

You are welcome to send short proposals for feature papers to the Editorial Office (compounds@mdpi.com) before submission. We look forward to receiving your excellent work.

Guest Editor

Prof. Dr. Juan C. Mejuto

About the Journal

Message from the Editor-in-Chief

As a new international and multidisciplinary peerreviewed open access journal for multidisciplinary chemistry focused on chemical compounds, Compounds (ISSN 2673-6918) has been founded to publish reviews, original research papers,

communications, case reports, letters, and short notes. Our goal is for Compounds to become a journal where the scientific community can present their results under open access. Our core objective is to provide high-quality research contributions in a wide range of chemistry areas. Manuscripts dealing with chemical compounds; the relationship between structure, properties, and/or functions of all kinds of compounds; as well as chemical theory and applications are welcome.

Editor-in-Chief

Prof. Dr. Juan C. Mejuto
Department of Physical Chemistry, Faculty of Science, University of Vigo, Ourense, Spain

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within ESCI (Web of Science), Scopus and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 22.8 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the first half of 2025).
