

Transport Modelling for Smart Cities

Guest Editors:

Dr. Grzegorz Karoń

Dr. Krzysztof Małecki

Prof. Dr. Russell Thompson

Prof. Dr. Marianna Jacyna

Message from the Guest Editors

Dear Colleagues,

The Transport of the 21st Century **extended conference papers** in case they have at least 50% extension will be published in Special Issue “**Transport Modelling for Smart Cities**” of ***Computation*** Journal. This Special Issue will consist of manuscripts describing the state-of-the-art of transport modeling for smart cities.

Deadline for manuscript
submissions:

closed (31 December 2019)

Topics of interest include, but are not limited to:

- transport systems and processes, users and their activities with virtual activities,
- ITS, C-ITS and mobility management,
- spatial and transport planning, with space–time geography,
- traffic flow control with emerging transportation technologies and services.

We provide a 50% discount of Article Processing Charge (APC) - from 350 to **175** CHF (Swiss Francs) for papers extended from the Transport of the 21st Century conference. We can also provide a best paper award. The winner will be granted one free of APC feature paper for his/her paper to *Computation*.

an Open Access Journal by MDPI

Message from the Editor-in-Chief

You are invited to submit the results of your research for consideration and publication in *Computation*, an international open access journal, which is published quarterly online by MDPI.

The editorial board and staff of *Computation* are dedicated to establishing a benchmark journal for the world scientific and engineering communities for original research articles, reviews, conference proceedings (i.e., peer reviewed full articles), and communications, in the cutting-edge areas of computational biology, computational chemistry, and computation in engineering.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility: indexed within Scopus, ESCI (Web of Science), CAPlus / SciFinder, Inspec, dblp, and other databases.

Journal Rank: CiteScore - Q2 (*Applied Mathematics*)
