Deadline for manuscript
submissions:

30 June 2019

Message from the Guest Editors

Dear Colleagues,

The TST 2019 Conference **extended papers** in case they have at least 50% extension will be published in **Special Issue of *Computation Journal***. This Special Issue will consist of manuscripts describing the state-of-the-art of transport modeling for smart cities with intelligent transportation systems ITS.

Topics of interest include, but are not limited to models and methods for smart cities:

- transport systems and processes, users and their activities with virtual activities,
- ITS, C-ITS and mobility management,
- spatial and transport planning, with space-time geography,
- traffic flow control with emerging transportation technologies and services.

We provide a 20% discount of Article Processing Charge (APC) - from 350 to **280** CHF (Swiss Francs) for papers extended from TST 2019. We can also provide a best paper award. The winner will be granted one free of APC feature paper for his/her paper to *Computation*.

Materials Chemistry, TU Wien, A-
1060 Vienna, Austria

Message from the Editor-in-Chief

You are invited to submit the results of your research for consideration and publication in *Computation*, an international open access journal, which is published quarterly online by MDPI.

The editorial board and staff of *Computation* are dedicated to establishing a benchmark journal for the world scientific and engineering communities for original research articles, reviews, conference proceedings (i.e., peer reviewed full articles), and communications, in the cutting-edge areas of computational biology, computational chemistry, and computation in engineering.

Author Benefits

Open Access: free for readers, with article processing charges (APC) paid by authors or their institutions.

High visibility: Indexed in the Emerging Sources Citation Index (ESCI) - Web of Science, **Scopus** (from Vol. 5 - 2017), dblp Computer Science Bibliography and Inspec (IET).

Rapid publication: manuscripts are peer-reviewed and a first decision provided to authors approximately 18.9 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the second half of 2018).
