Special Issue

10th Anniversary of *Computation*—Computational Heat and Mass Transfer (ICCHMT 2023)

Message from the Guest Editors

International Conference on Computational Heat, Mass. and Momentum Transfer (ICCHMT 2023), which will be held 4-8 September 2023, in Düsseldorf, Germany (the deadline for abstract submissions is 26 May 2023). The selected papers will be published free of charge. There will also be an ICCHMT-Computation Best Paper Award. You are invited to submit a contribution to the conference for consideration and possible publication in this Special Issue. Topics of the conferences include, but are not limited to, the following: Advanced numerical methods; Aeronautical and space applications: Bio-fluidics and biomedical engineering; Bio-inspired flow and heat transfer; Building-integrated energy and power systems; Complex chemical reaction modeling; Compressible flows: Computational thermal fluid dynamics: Convection and buoyancy-driven flows; Double diffusive convetion; Energy-saving process;

For detailed information on all further aspects of the conference, including the dates, keynote speakers, committes, registration, and accomodation, please check the conference website at http://www.icchmt2023.de/.

About the Journal

Message from the Editor-in-Chief

You are invited to submit the results of your research for consideration and publication in *Computation*, an international open access journal, which is published monthly online by MDPI.

The editorial board and staff of *Computation* are dedicated to establishing a benchmark journal for the world scientific and engineering communities for original research articles, reviews, conference proceedings (i.e., peer reviewed full articles), and communications, in the cutting-edge areas of computational biology, computational chemistry, computational social science and computational engineering.

Editor-in-Chief

Prof. Dr. Ali Cemal Benim

Center of Flow Simulation (CFS), Department of Mechanical and Process Engineering, Duesseldorf University of Applied Sciences, D-40476 Duesseldorf, Germany

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), CAPlus / SciFinder, Inspec, dblp, and other databases.

Journal Rank:

JCR - Q2 (Mathematics, Interdisciplinary Applications) / CiteScore - Q1 (Applied Mathematics)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.7 days after submission; acceptance to publication is undertaken in 5.6 days (median values for papers published in this journal in the first half of 2025).
