

computers

The editorial team would like to congratulate the winners of the 2019 *Computers* Best Paper Award. The winners were selected by a selection committee comprising *Computers* Editorial Board Members and finally approved by the Editor-in-Chief, Prof. Dr. Paolo Bellavista. The following top-voted research article and top-voted review are the winners of the 2019 *Computers* Best Paper Award.

Article:

BlendCAC: A Smart Contract Enabled Decentralized Capability-Based Access Control Mechanism for the IoT

Ronghua Xu, Yu Chen, Erik Blasch and Genshe Chen

Computers **2018**, 7(3), 39; <https://doi.org/10.3390/computers7030039>

Review:

Mobile Educational Augmented Reality Games: A Systematic Literature Review and Two Case Studies

Teemu H. Laine

Computers **2018**, 7(1), 19; <https://doi.org/10.3390/computers7010019>

2019 COMPUTERS BEST PAPER AWARD WINNERS

We wish to congratulate the authors and thank them for having chosen *Computers* to publish their work.

In recognition of their accomplishments, the authors of the top-voted article will receive a cash award of **500 CHF**; for the review, the author will receive an offer to publish a paper free of charge in *Computers*, subject to the standard peer review procedure.
