

Special Issue

Machine Learning and Statistical Learning with Applications (2nd Edition)

Message from the Guest Editor

This Special Issue, entitled “*Machine Learning and Statistical Learning with Applications (2nd Edition)*”, aims to provide a platform for showcasing cutting-edge research and innovative applications of machine learning and statistical learning methodologies. As these fields continue to evolve, their integration into diverse domains has led to breakthroughs in solving complex problems, including classification, prediction, clustering, and decision making across industries such as healthcare, finance, marketing, and engineering. This Special Issue welcomes contributions that advance the theoretical foundations of machine learning and statistical learning or introduce novel frameworks and algorithms. We are particularly interested in works that bridge the gap between theory and practice, highlighting real-world applications and demonstrating the impact of these methods on data-driven decision making.

Guest Editor

Dr. Yan Zhang

School of Computer Science and Engineering, California State University San Bernardino, 5500 University Parkway, San Bernardino, CA 92407, USA

Deadline for manuscript submissions

31 August 2026

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article, a comprehensive review or a software paper for consideration and publication in Computers (ISSN 2073-431X). Computers is an international, peer-reviewed, open access journal which provides an advanced forum for computer sciences. Computers is published in open access format—research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Paolo Bellavista
Department of Computer Science & Engineering (DISI), University of
Bologna, 40136 Bologna, Italy

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), dblp, Inspec, Ei Compendex, and other databases.

Journal Rank:

JCR - Q2 (Computer Science, Interdisciplinary Applications) / CiteScore - Q1 (Computer Science (miscellaneous))

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 17.5 days after submission; acceptance to publication is undertaken in 3.9 days (median values for papers published in this journal in the second half of 2025).
