Emerging Trends in Intelligent Connectivity and Digital Transformation

Message from the Guest Editor

The digital landscape is rapidly evolving due to innovations in the Internet of Things (IoT), artificial intelligence (AI), advanced networking, and next-generation applications. These developments are reshaping industries, user experiences, and technological ecosystems. This Special Issue seeks to provide a platform for researchers and practitioners to present original contributions, reviews, and case studies on the cutting-edge technologies that are driving intelligent connectivity, automation, and digital transformation.

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article, a comprehensive review or a software paper for consideration and publication in Computers (ISSN 2073-431X). Computers is an international, peer-reviewed, open access journal which provides an advanced forum for computer sciences. Computers is published in open access format—research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.
