Special Issue

Blockchain Technology and Recordkeeping

Message from the Guest Editor

Special Issue "Blockchain Technology and Recordkeeping" has been OPEN! This Special Issue of *Computers* focuses on exploring the frontiers of blockchain/DLT and recordkeeping. We invite submissions of original research work covering novel theories, innovative methods, and meaningful applications that can potentially lead to significant advances in blockchain/DLT and recordkeeping.

Guest Editor

Dr. Victoria Lemieux

Blockchain@UBC, Institute of Computimg, Information and Cognitive Systems, University of British Columbia (UBC), Vancouver, BC, Canada

Deadline for manuscript submissions

closed (31 May 2021)

About the Journal

Message from the Editor-in-Chief

You are invited to contribute a research article, a comprehensive review or a software paper for consideration and publication in Computers (ISSN 2073-431X). Computers is an international, peer-reviewed, open access journal which provides an advanced forum for computer sciences. Computers is published in open access format—research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the public have unlimited and free access to the content as soon as it is published. We would be pleased to welcome you as one of our authors.

Editor-in-Chief

Prof. Dr. Paolo Bellavista
Department of Computer Science & Engineering (DISI), University of Bologna, 40136 Bologna, Italy

Author Benefits

High Visibility:
indexed within Scopus, ESCI (Web of Science), dblp, Inspec, Ei Compendex, and other databases.

Journal Rank:
JCR - Q2 (Computer Science, Interdisciplinary Applications) / CiteScore - Q1 (Computer Science (miscellaneous))

Rapid Publication:
manuscripts are peer-reviewed and a first decision is provided to authors approximately 16.3 days after submission; acceptance to publication is undertaken in 3.8 days (median values for papers published in this journal in the first half of 2025).
