

Special Issue

Selected Papers from the Annual Global Summit on Lasers, Optics and Photonics (AGSLOP2025)

Message from the Guest Editors

This Special Issue will publish selected papers from the Annual Global Summit on Lasers, Optics and Photonics (AGSLOP2025), which will be held in Prague, Czech Republic, from 28 to 30 May 2025

(<https://vividglobalsummits.com/2025/Laser-optics>).

This summit will serve as a pivotal platform for interdisciplinary dialogue, fostering collaborations that transcend traditional boundaries. Participants will engage in lively discussions on groundbreaking research topics, including quantum optics, laser spectroscopy, optical materials, and nanophotonics. You are invited to contribute an article or a review paper for possible publication in our Special Issue. Submissions will be rapidly reviewed and published shortly, if accepted.

About the Journal

Message from the Editor-in-Chief

Welcome to *Condensed Matter* (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Currently the journal is indexed by ESCI (Web of Science) and hope you can consider *Condensed Matter* as an exceptional home for your manuscript.

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPIus / SciFinder, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.8 days after submission; acceptance to publication is undertaken in 3.4 days (median values for papers published in this journal in the second half of 2025).
