

## Special Issue

# The Scientific Revolution of 1987: Superconductivity above Nitrogen Temperatures—30 Years Later

### Message from the Guest Editors

This Special Issue of *Condensed Matter* is dedicated to collate papers on your memories of the scientific and human relations experiences you lived marking the occasion of the anniversary of 30 years since the 1987 "gold rush" in high-T<sub>c</sub> superconductivity. We look forward to reading what we foresee to be fascinating memories. Sincerely yours,

---

## About the Journal

### Message from the Editor-in-Chief

Welcome to *Condensed Matter* (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Currently the journal is indexed by ESCI (Web of Science) and hope you can consider *Condensed Matter* as an exceptional home for your manuscript.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPIus / SciFinder, and other databases.

#### Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.1 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
