

Special Issue

Feature Special Issue for Global Summit on Condensed Matter Physics

Message from the Guest Editors

This special issue will publish selected papers from the [CONMAT2021](#) conference, 18–20 October 2021 in in Valencia, Spain. Submissions should be received before the start of the conference and will be rapidly reviewed during or shortly after the conference. The purpose of CONMAT2021 is to provide a forum to share the most important and latest developments in the field of condensed matter physics, to exchange research ideas and future trends, and to explore potential collaboration opportunities in all regions of the world. The topics covered are as follows but not limited to:

- Semiconductor Physics;
- Surface, interface and low-dimensional physics;
- Magnetism;
- Superconductivity;
- Strongly correlated and disordered systems;
- Phase transitions, phase ordering and structural ordering of condensed matter;
- Soft and biological matter;
- Statistical physics of complex systems;
- and other related topics.

About the Journal

Message from the Editor-in-Chief

Welcome to *Condensed Matter* (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Currently the journal is indexed by ESCI (Web of Science) and hope you can consider *Condensed Matter* as an exceptional home for your manuscript.

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.1 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
