

Special Issue

Selected Papers from The 13th Conference on Atomically Controlled Surfaces, Interfaces and Nanostructures (ACSIN 2016)

Message from the Guest Editors

This special issue will publish selected papers from the [ACSIN 2016](#) conference, 9-15 October 2016 in Rome, Italy. Submissions should be received before the start of the conference and will be rapidly reviewed during or shortly after the conference. The year 2016 will mark the **27th anniversary of the ACSIN series** and it will happen in Rome at the **Bruno Touschek Congress Center of Laboratori Nazionali di Frascati - Istituto Nazionale di Fisica Nucleare**. The first International Symposium on Atomically Controlled Surfaces and Interfaces was held in 1991 – Tokyo, supported by the Thin Film and Surface Physics Division in The Japan Society of Applied Physics in commemoration of its 20th anniversary. Bearing in mind the developments in nanoscience and nanotechnology, the word “Nanostructures” has been added to the name of the conference since the fifth International Conference on Atomically Controlled Surfaces, Interfaces and Nanostructures (ACSIN-5) was held in Aix-en Provence in 1999. Following the successful series of ACSIN conferences in Tokyo (ACSIN-9, 2007), Granada (ACSIN-10, 2009), Saint Petersburg (ACSIN-11, 2011), and Tsukuba (ACSIN-12, 2013).

Guest Editors

About the Journal

Message from the Editor-in-Chief

Welcome to *Condensed Matter* (ISSN 2410-3896)! It gives me great pleasure to invite you to publish in the journal. We are looking to build a collection of high quality research articles, supported by a community from across the field of condensed matter physics. In this task, I will be assisted by a highly qualified editorial board. We accept papers on basic research as well as applications, and experimental or theoretical work. Currently the journal is indexed by ESCI (Web of Science) and hope you can consider *Condensed Matter* as an exceptional home for your manuscript.

Editor-in-Chief

Prof. Dr. Antonio Bianconi

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, ESCI (Web of Science), Inspec, CAPIus / SciFinder, and other databases.

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 20.1 days after submission; acceptance to publication is undertaken in 2.7 days (median values for papers published in this journal in the first half of 2025).
