

## Special Issue

# Recent Advance in Hair Science and Hair Care Technologies: 2nd Edition

### Message from the Guest Editor

This Special Issue will be focused on all aspects of hair research for science and technology; for example, hair appearance, the measurement of physical properties, microstructure analysis, hair curvature, coloring, pigmentation, decoloration, hair damage and repair, and so on. We have noticed that there have been many advances in recent research on hair science and hair care technologies. Based on your reputation and excellent contributions to these fields, I would like to invite you to contribute either an original piece of research or a review article within the focused area of this issue. Thank you in advance for your kind consideration. Please let us know if you have any questions.
