## Information Security and Privacy—ACISP 2025

### Message from the Guest Editors

This Special Issue will comprise mainly extended versions of papers presented at the 30th Australasian Conference on Information Security and Privacy (ACISP 2025, in Wollongong, Australia, on 14–16 July 2025; <https://uow-ic2.github.io/acisp2025/cfp.html>). This Special Issue also seeks original papers presenting novel research results on all aspects of information security and privacy. Submitted manuscripts should not have been previously published, nor be under consideration for publication elsewhere. Extended versions of ACISP 2025 papers should cite the original paper and contain at least 50% new content (e.g., in the form of technical extensions, more in-depth evaluations, or additional use cases). Further, these extended papers should not exceed 30% copy/paste from the original conference paper.
