

# Special Issue

## Emerging Topics in Blockchain Security and Privacy II

### Message from the Guest Editor

Blockchain technologies have been used in various fields, and thus, security and privacy are importance. This Special Issue aims to provide a platform for researchers to publish high-quality and original research papers presenting the recent development and state-of-the-art solutions for addressing various security and privacy issues in blockchain. The Special Issue welcomes contributions from theory to practice and from many research fields, such as cryptography, network, distributed systems, and economics.

### Guest Editor

Dr. Kentaroh Toyoda

Institute of High Performance Computing (IHPC), A\*STAR, 1 Fusionopolis Way, Connexis, Singapore 138632, Singapore

### Deadline for manuscript submissions

closed (20 March 2024)

## About the Journal

### Message from the Editor-in-Chief

*Cryptography* is a new international journal which provides the state-of-the-art forum for original results in all areas of modern cryptography. *Cryptography* is published in open access format: research articles, reviews and other contents are released on the internet immediately after acceptance. Our journal welcomes submissions written from the theory and practices of modern cryptography, so that it may become a forum for exchange of new scientific developments between the cryptographers and the practitioners.

We would be pleased to welcome you as one of our authors.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, ESCI (Web of Science), dblp, and other databases.

#### Journal Rank:

JCR - Q2 (Computer Science, Theory and Methods) /  
CiteScore - Q1 (Applied Mathematics)
