# **Photocrystallography and Solid-State Structural Dynamics**

Guest Editors:

### Dr. Katarzyna N. Jarzembska

Department of Chemistry, University of Warsaw, Żwirki i Wigury 101, 02-089 Warsaw, Poland

#### Dr. Radosław Kamiński

Department of Chemistry, University of Warsaw, Żwirki i Wigury 101, 02-089 Warsaw, Poland

Deadline for manuscript submissions:

closed (31 December 2018)

## **Message from the Guest Editors**

Dear Colleagues,

The Special Issue "Photocrystallography and Solid-State Structural Dynamics" will be dedicated to all aspects of modern photocrystallography and structural dynamics in the solid state. You are most welcome to contribute a research article to this Special Issue, presenting your particular scientific problems, related to structural changes induced by light or electric field, such as studies of solid-state reactions, excited state species, spin crossover processes, electron density polarisation, and so forth.

IMPACT FACTOR 2.7

## **Message from the Editor-in-Chief**

Welcome to *Crystals*, the journal dedicated to the fascinating world of crystallographic research! Crystals are more than mere decorative elements; they hold the key to understanding the fundamental structure of matter. Our mission is to explore the crucial significance of this research across various fields. From medicine to technology, chemistry to geology, crystals play a vital role. Their structure provides insights into new advanced materials, innovative drugs, and groundbreaking technologies. Through *Crystals*, we delve into the microscopic world to discover solutions that will shape the future. Join us on a journey through the *Crystals*, where science merges with beauty and innovation.

### **Author Benefits**

**Open Access:** free for readers, with article processing charges (APC) paid by authors or their institutions.

**High Visibility:** indexed within Scopus, SCIE (Web of Science), Inspec, CAPlus / SciFinder, and other databases.

**Journal Rank:** JCR - Q2 (*Crystallography*) / CiteScore - Q2 (*Condensed Matter Physics*)
