

# Special Issue

## New Bioinorganic Compounds

### Message from the Guest Editors

In this Special Issue of *Crystals* entitled “New Bioinorganic Compounds”, our aim is to explore the growing field of bioinorganic chemistry from the structural point of view. We invite you to contribute with manuscripts belonging to the whole bunch of aspects of the bioinorganic chemistry such as:

- Biomolecules structure;
- Model compounds for active centres;
- Study of non-covalent interactions;
- Bio-inspired coordination chemistry;
- Bio-active molecules;
- Crystallization research.

---

### Guest Editors

Dr. Miquel Barceló-Oliver

Departament de Química, Universitat de les Illes Balears, Crta de Valldemossa km 7.7, 07122 Palma de Mallorca, Spain

Dr. Alicia Dominguez-Martin

Department of Inorganic Chemistry, Faculty of Pharmacy, University of Granada, 18071 Granada, Spain

---

### Deadline for manuscript submissions

closed (30 September 2021)

## About the Journal

### Message from the Editor-in-Chief

Welcome to *Crystals*, the journal dedicated to the fascinating world of crystallographic research! Crystals are more than mere decorative elements; they hold the key to understanding the fundamental structure of matter. Our mission is to explore the crucial significance of this research across various fields. From medicine to technology, chemistry to geology, crystals play a vital role. Their structure provides insights into new advanced materials, innovative drugs, and groundbreaking technologies. Through *Crystals*, we delve into the microscopic world to discover solutions that will shape the future. Join us on a journey through the *Crystals*, where science merges with beauty and innovation.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Crystallography) / CiteScore - Q2 (Condensed Matter Physics)
