

Special Issue

Selected Papers from "The Sixth Annual Conference of Chinese Crystallographic Society"

Message from the Guest Editors

This Special Issue is related to "The Sixth Annual Conference of Chinese Crystallographic Society", which will be held in Guang Zhou, China from 19–22 December, 2016. This Special Issue seeks updated and new knowledge on the area of crystallography, the topics may include, but are not limited to:

- Macromolecule crystallography
- Functional molecular crystal
- Polycrystal (powder) diffraction
- Nonlinear optics crystals and laser crystalline materials
- Electronic crystallography
- Pharmaceutical crystallography
- Extreme conditions on crystalline materials, etc.

Participants of the conference are cordially invited to contribute original research papers or reviews to this Special Issue of *Crystals*.

Guest Editors

Prof. Dr. Helmut Cölfen

Physical Chemistry, Universität Konstanz, 78457 Konstanz, Germany

Prof. Dr. Mei Pan

MOE Laboratory of Bioinorganic and Synthetic Chemistry, Lehn Institute of Functional Materials, School of Chemistry, Sun Yat-Sen University, Guangzhou 510275, China

Deadline for manuscript submissions

closed (15 April 2017)

About the Journal

Message from the Editor-in-Chief

Welcome to *Crystals*, the journal dedicated to the fascinating world of crystallographic research! Crystals are more than mere decorative elements; they hold the key to understanding the fundamental structure of matter. Our mission is to explore the crucial significance of this research across various fields. From medicine to technology, chemistry to geology, crystals play a vital role. Their structure provides insights into new advanced materials, innovative drugs, and groundbreaking technologies. Through *Crystals*, we delve into the microscopic world to discover solutions that will shape the future. Join us on a journey through the *Crystals*, where science merges with beauty and innovation.

Editor-in-Chief

Prof. Dr. Alessandra Toncelli

Department of Physics, University of Pisa, 56126 Pisa, PI, Italy

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), Inspec, Ei Compendex, CAPus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Crystallography) / CiteScore - Q2 (Condensed Matter Physics)
