

Special Issue

New Insights of Liver Cancer and Its Treatment

Message from the Guest Editors

There has been an avalanche of novel insights pertaining to liver cancer and stage-dependent multimodality treatments. This has been possible with findings stemming from basic science, translational research, and clinical trials. This Special Issue of *Current Oncology* aims to provide reviews on novel insights of liver cancer and its treatment. We invite researchers to address either one of the following topics or a related topic:

- Basic science of hepatocellular carcinoma.
- Translational research.
- Surgical techniques and transplantation.
- Locoregional therapies.
- Systemic therapies.
- Predictive biomarkers.

About the Journal

Message from the Editor-in-Chief

I am honored and enthusiastic to serve as Editor-in-Chief of *Current Oncology*. Since its establishment in 1994, *Current Oncology* has been playing an important role in the advancement of cancer care by disseminating new knowledge in the cancer care continuum. *Current Oncology* is affiliated with several key cancer societies and provides a global platform to share scientific progress in oncology. We strive for high standards and work together to maintain a rigorous and unbiased peer review process to publish high-quality articles. We have an outstanding editorial team which is committed to the success of *Current Oncology*.

Editor-in-Chief

Prof. Dr. Shahid Ahmed
