New Frontiers in Treatment for Gynecologic Cancers

Message from the Guest Editors

For the longest time, the management of gynecologic malignancies was very streamlined, with few options and mediocre outcomes, especially for those with advanced or recurrent disease. In the recent past, however, there has been a rapid advancement in care, including methods of surgical access to the malignancy, molecular diagnosis, and classification of disease, personal medicine therapeutic options and methods of radiation therapy, and combinations thereof. We invite researchers to address one of these topics related to malignancies of the ovary/fallopian tube, uterus, cervix/vagina/vulvar (lower genital tract), or gestational trophoblastic neoplasm.

About the Journal

Message from the Editor-in-Chief

I am honored and enthusiastic to serve as Editor-in-Chief of *Current Oncology*. Since its establishment in 1994, *Current Oncology* has been playing an important role in the advancement of cancer care by disseminating new knowledge in the cancer care continuum. *Current Oncology* is affiliated with several key cancer societies and provides a global platform to share scientific progress in oncology. We strive for high standards and work together to maintain a rigorous and unbiased peer review process to publish high-quality articles. We have an outstanding editorial team which is committed to the success of *Current Oncology*.

Editor-in-Chief

Prof. Dr. Shahid Ahmed

1. College of Medicine, University of Saskatchewan, Saskatoon, SK S7N5E5, Canada

2. Saskatchewan Cancer Agency, Saskatoon Cancer Center, Saskatoon, SK S7N5H5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE (Web of Science), PubMed, MEDLINE, PMC, Embase, and other databases.

Journal Rank:

JCR - Q2 (Oncology)
