Message from the Guest Editors

The current Special Issue aims to collect all available data regarding emerging technologies in the combination of conventional techniques to improve the quality of dairy products to provide insights and further road maps for interested parties, including academics and industries as well as research institutes. For this purpose, the guest editors are inviting authors to submit original research, reviews (narrative and systematic), risk assessment studies, and short note articles.

Message from the Editor-in-Chief

Dairy (ISSN 2624-862X) is an international, peer-reviewed open access advanced forum for studies related to the advances in dairy science. It publishes reviews, regular research papers and short communications. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the maximum length of the papers. The full experimental details must be provided so that the results can be reproduced.

Author Benefits

Open Access: free for readers, with [article processing charges \(APC\)](#) paid by authors or their institutions.

High Visibility: indexed within [ESCI \(Web of Science\)](#), [Scopus](#), [FSTA](#), and [other databases](#).

Journal Rank: JCR - Q1 (Agriculture, Dairy and Animal Science) / CiteScore - Q1 (Veterinary (miscellaneous))
