

# Topical Collection

## Anti-Parasite Drug Discovery

### Message from the Collection Editor

This Topical Collection has been launched to provide a forum for the dissemination of the latest studies in this field, including all approaches based on drug design, chemical synthesis, the biological evaluation of new compounds, and their development through the pipeline of drug candidates. I hope that you will consider submitting a manuscript for publication in this Topical Collection, which has no deadline, as the accepted manuscripts will be published as they are received.

## About the Journal

### Message from the Editor-in-Chief

*Drugs and Drug Candidates* is an open access initiative of MDPI (Basel, Switzerland). Do you wish to share your knowledge on marketed or newly approved drugs for human or veterinary use? Do you wish to disseminate your recent results on the search for novel promising drug candidates? Our journal, animated by a young and dynamic team, is the ideal platform! Your submission, carefully followed by an academic editor, will be peer-reviewed by experts in the field of the work and a first decision will be notified within no more than two weeks. Involved in drug design, drug synthesis, drug evaluation, or drug market, *Drugs and Drug Candidates* is of worthy recognition and value.

I look forward to handling your contributions in the very near future. Should you need any information, do not hesitate to contact us.
