

Dear Colleagues,

As the Editor-in-Chief of the *Dentistry Journal*, I am pleased to announce the winner of the 2018 Dentistry Journal Travel Award: **Michele Tepedino**, Postdoctoral Research Assistant at the Department of Biotechnological and Applied Clinical Sciences at University of L'Aquila, Italy.

Dr. Michele Tepedino's research involves impacted canines, clear aligners and orthodontic miniscrews and the use of hydroabrasion for orthodontic purposes. He will present his research "Enamel surface evaluation after orthodontic debonding: comparing rotating instruments and hydroabrasion" at the American Academy of Ophthalmology (AAO) 2018 Annual Meeting, 4–8 May 2018, in Washington, USA.

It was a difficult decision, given the exceptional quality of many applications for the award, and, on behalf of the award committee, we would like to thank all applicants and to congratulate Dr. Michele Tepedino for his accomplishments.

The award consists of 800 Swiss Francs to attend any academic conference in the second half year of 2017 or first half year of 2018.

Claude Jaquiéry

Editor-in-Chief, *Dentistry Journal*

2018 TRAVEL AWARD WINNER
