Advances in Periodontal and Peri-Implant Tissues Health Management: 2nd Edition

Message from the Guest Editors

It is a pleasure to invite you to submit manuscripts to the forthcoming Special Issue “Advances in Periodontal and Peri-Implant Tissues Health Management: 2nd Edition” that will be published in *Dentistry Journal*. Original studies, from basic to clinical research, as well as reviews, case series, case reports and short communications, that provide deeper insights into the etiopathogenesis, the putative interconnections with systemic diseases and neoplasms of such complex disorders and the possible mechanisms underlying aggressive, recurrent and refractory cases, potentially paving the way for innovative primary prevention strategies and therapeutic approaches in regards to more comprehensive and integrated management of periodontal and peri-implant diseases, with high-quality precision on a large scale and with personalized periodontal care for high-risk subjects, will be welcome.
