

Special Issue

Current and Future Trends in Maxillary Sinus Management: Perspectives in Oral Surgery

Message from the Guest Editor

We are honored to present the Special Issue of the *Dentistry Journal* (Section Oral and Maxillofacial Surgery) entitled "Current and Future Trends in Maxillary Sinus Management: Perspectives in Oral Surgery". The research topics included in this Special Issue may be related to (but not limited to) the following:

- Dental extractions;
- Implant surgery;
- Bone augmentation procedures (including sinus floor elevation);
- Maxillary sinusitis related to odontogenic infections;
- Odontogenic and non-odontogenic cysts and tumors;
- Inflammatory, fibro-osseous, and large cell lesions of the jaw;
- Management of oro-antral communication and fistula;
- Osteonecrosis of the jaw.

We look forward to receiving your contributions. Please contact the or the Managing Editor Ms. Adele Min (adele.min@mdpi.com) for any query.

About the Journal

Message from the Editor-in-Chief

The *Dentistry Journal* (ISSN 2304-6767) is an official, peer-reviewed publication of MDPI, which transmits original papers as well as review articles from the entire field of dentistry to the scientific community. The *Dentistry Journal* supports scientific innovations, and clinical and experimental research within the whole field of dentistry and its related areas. The *Dentistry Journal* in particular supports interdisciplinary and translational studies. The *Dentistry Journal* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

Editor-in-Chief

Prof. Dr. Claude Jaquiéry

Department for Cranio-Maxillo-Facial Surgery, University Hospital
Basel, Spitalstrasse 21, CH-4031 Basel, Switzerland

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubMed, PMC, and other databases.
