

## Special Issue

# New Trends in Digital Dentistry

### Message from the Guest Editor

Digital dentistry has witnessed remarkable advancements in recent years, transforming traditional dental practices into technologically advanced and efficient methodologies. This Special Issue aims to provide an overview of the latest trends in digital dentistry, encompassing various facets, including imaging, diagnostics, treatment planning, and fabrication techniques. The integration of cutting-edge technologies has revolutionized dental care, improving precision, patient outcomes, and overall efficiency in dental procedures. I invite you to contribute to this Special Issue with your valuable research.

## About the Journal

### Message from the Editor-in-Chief

The *Dentistry Journal* (ISSN 2304-6767) is an official, peer-reviewed publication of MDPI, which transmits original papers as well as review articles from the entire field of dentistry to the scientific community. The *Dentistry Journal* supports scientific innovations, and clinical and experimental research within the whole field of dentistry and its related areas. The *Dentistry Journal* in particular supports interdisciplinary and translational studies. The *Dentistry Journal* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.
