

## Special Issue

# Malocclusion: Treatments and Rehabilitation

### Message from the Guest Editor

The Special Issue "Malocclusion: Treatments and Rehabilitation" is open for submission now. This Special Issue aims to highlight advances in malocclusion treatments, emphasising the importance of collaboration among dental specialties for optimal outcomes. We welcome contributions on innovative therapies, and research that delves into orthodontic techniques, bone and tissue regeneration, and prosthetic rehabilitation. Topics may include aligner systems, mini-screw anchorage, interdisciplinary strategies, and long-term outcomes of complex cases.

## About the Journal

### Message from the Editor-in-Chief

The *Dentistry Journal* (ISSN 2304-6767) is an official, peer-reviewed publication of MDPI, which transmits original papers as well as review articles from the entire field of dentistry to the scientific community. The *Dentistry Journal* supports scientific innovations, and clinical and experimental research within the whole field of dentistry and its related areas. The *Dentistry Journal* in particular supports interdisciplinary and translational studies. The *Dentistry Journal* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.
