

Special Issue

Contemporary Dentistry: Classical and Modern Approaches

Message from the Guest Editor

The Special Issue "Contemporary Dentistry: Classical and Modern Approaches" is open for submissions now.

We seek contributions that emphasize how classical approaches remain relevant while being enhanced by modern advances in prosthodontics, dental implantology, oral surgery, orthodontics, periodontics, restorative dentistry, endodontics and preventive care. Potential topics may also include the role of artificial intelligence in diagnostics, digital tools and 3D printing, regenerative therapies, advanced imaging, sustainability in dentistry, gerodontontology, and patient-centered treatment planning, and innovative approaches in dental education.

This Special Issue places particular emphasis on bridging theory with clinical application, demonstrating how established foundations and emerging technologies can coexist to improve precision, efficiency, and patient outcomes. Our aim is to provide clinicians, researchers, and educators with comprehensive insights into the current and future landscape of dentistry while fostering collaboration and the exchange of knowledge across various disciplines.

Guest Editor

Prof. Dr. Horia Mihail Barbu

Oral Implantology Department, Faculty of Dental Medicine, Titu Maiorescu University, 031593 Bucharest, Romania

About the Journal

Message from the Editor-in-Chief

The *Dentistry Journal* (ISSN 2304-6767) is an official, peer-reviewed publication of MDPI, which transmits original papers as well as review articles from the entire field of dentistry to the scientific community. The *Dentistry Journal* supports scientific innovations, and clinical and experimental research within the whole field of dentistry and its related areas. The *Dentistry Journal* in particular supports interdisciplinary and translational studies. The *Dentistry Journal* provides a unique opportunity to contribute high quality articles and to take advantage of its large readership.

Editor-in-Chief

Prof. Dr. Claude Jaquiéry

Department for Cranio-Maxillo-Facial Surgery, University Hospital
Basel, Spitalstrasse 21, CH-4031 Basel, Switzerland

Author Benefits

High Visibility:

indexed within Scopus, ESCI (Web of Science), PubMed, PMC, and other databases.

Journal Rank:

JCR - Q1 (Dentistry, Oral Surgery and Medicine) / CiteScore - Q2 (General Dentistry)

Rapid Publication:

manuscripts are peer-reviewed and a first decision is provided to authors approximately 25.4 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the second half of 2025).
