

Special Issue

What Is Your Diagnosis?—Case Report Collection

Message from the Guest Editors

This Case Report Special Issue calls for perceptions of established or new standpoints concerning dermatology entities. It aims to include articles addressing case reports relevant to clinical dermatology practice and provide an evidence-based, balanced, pathology-oriented review of a clinical pathology topic. The topic should be restricted to a single defined diagnostic entity.

Guest Editors

Prof. Dr. Jose Manuel Lopes

Centro Hospitalar Universitário São João, Porto, Portugal

Prof. Dr. Robert Gniadecki

About the Journal

Message from the Editorial Board

Dermato (ISSN 2673-6179) is an international and peer-reviewed open access journal on skin research, including broad aspects of dermatology such as skin biology/development/aging, oncology, inflammation, autoimmunity, regenerative medicine, and stem cell research related to skin; plastic, reconstructive, and aesthetic surgery, etc., published online quarterly by MDPI. It publishes reviews, original research papers, communications, case reports, letters, and short notes. There is no restriction on the length of the papers. Full experimental and/or methodical details must be provided. The scientific community and the general public can unlimitedly access the content free of charge as soon as it is published.
